# ENTERTAIN

Small-to-medium sized business looking to get started with **digital signage**? Look no further.

A **low-cost powerful cloud-managed device**, **Entertain** is a must-have for businesses wanting to optimise their communication with customers, staff, and visitors.

All you need is your screen and an internet connection—your Entertain player will take care of the rest.

- Manage one or many screens from a single platform
- Use built-in content creator for attractive designs within minutes
- Schedule your content by logging in from anywhere

## Use Entertain to:

- Control digital menus—increase sales and reduce printing costs
- Reduce perceived wait times in wait areas with dynamic screens
- Communicate with visitors in reception areas
- Connect with staff in lunch areas—inform and build culture
- Increase basket size at point of sale as customers make impulse purchases
- Schedule content by time of day, day of week, and per screen
